Support for New Applications

If you wish to submit a new application or receive advice for preparing an application, including EU, please email researchsupportCSM@manchester.ac.uk. Your query will be received by your Lead Research Support Manager (Su Smith) who will assign this to a Research Support Officer who will become your named contact. The Research Support Officers are Natalia Stefanovic and Anna Humble. If your award is successful your named contact will continue to provide support, liaising with funders, costings, recruitment and contracts.

Support for Current Projects

Queries about existing projects can be sent to researchsupportCSM@manchester.ac.uk or your named contact. A named Research Support Officer will be assigned to each existing project, and financial support will be provided by Manny Singh and Monica O'Kane.

General Research Support Queries

General research support queries should be directed to researchsupportCSM@manchester.ac.uk.

Research Support Managers are located in the Schools and provide strategic support to the Head of School and Director of Research. They should be contacted for queries relating to the Research Excellence Framework, Research Committees and for strategic and policy development support.

Research Support Officer will provide core research support across the whole lifecycle of projects as named contacts, liaising with funders, preparing costings, coordinating recruitment and contracts.

Senior Research Finance Officer is responsible for guidance on the full economic and recoverable costs for project and will liaise with external organisations to ensure timely financial information.

Research Finance Officers provide guidance to research on project resourcing, and provide general financial assistance such as tracking expenditure and reminders of reporting dates.
